

Fast, Hands-free Container Cleaning

Efficient. Robust. Reliable. Safe. Affordable.

CartBlaster II

The AaquaTools CartBlaster II Container Cleaning System is designed to clean the interior surface of any open head trash container in 1 to 5 minutes (depending on detergent, volume (gpm) and wash water temperature when attached to a compatible high pressure washer.

The cleaning efficiency is achieved thanks to stream jets at a low flow rate but high pressure, thus providing high impact washing. Two powerful stream nozzles rotate around a turret to provide complete orbital cleaning coverage of the interior surface.

Like it's predecessor the spray pattern completely covers the inside of the container. Its large stable platform and low profile nozzle facilitate easy loading and removal of a wide variety of containers.

Carts to be cleaned are pivoted onto our stainless steel platform. A valve included with the system is opened and the wash cycle begins. The system works best with 4-6 gpm, hot water (160-185°) and AaquaTools "650" CartClean detergent.

Features

- Two or four nozzle configuration
- Large stable platform
- High pressure "Y" filter and bleed off valve
- Oversized case and gears
- High pressure "T" connector
- High pressure ball valve

Benefits

- Driven by hot or cold high pressure washer
- Easy loading and removal of a wide variety of containers
- Prevents particulates from entering the gear box of the cleaning head and allows for easy filter flushing
- Smoother motion and withstands greater pressure
- Easily transition between the CartBlaster and wands
- Allows for two hose wash/rinse operation

Specifications

Class	Rotating jet-head
Power	Pressure washer-driven
Flow Rate	4 gpm or greater
Temperature	Cold or hot up to 185°F (max)
Pressure	870-2000 psi
Nozzles	Two ½" nozzles; configurable to four stream nozzles
Spray Coverage	6-10'
Cleaning Cycle	1 to 5 minutes
Spray Pattern	240°
Nozzle Rotation	120 rpm (max)
Inlet Connection	Standard ½" NPT
Seals	Viton and PTFE
Pre-filter/Mesh	700 Micron stainless steel
Lubricant	Self-lubricating
Installation	Portable
Material	316 stainless steel & anodized anticorrosive aluminum
Dimensions	
Weight	50 lbs
Hose	3/8" 25' steel braided high pressure hose
Warranty	One year limited warranty

Ordering Information

CRTBLSTR2	CartBlaster Cart Cleaning System—stainless steel frame, 25' high pressure hose, two or four nozzle cleaning head, all fittings to adapt to pressure washer
Y-strainer/fitting	High pressure 'Y' filter and ball valve
650 CartClean-55	CartClean Detergent—55 gallon drum "650" heavy-duty; extends system warranty to 24 months
650 CartClean-5	CartClean Detergent—5 gallon pail "650" heavy-duty; extends system warranty to 24 months
Tip-Too	CartBlaster Tip-Too Cart Cleaning System
HotCart	HotCart Hot High Pressure Washer
107146814	KEW Poseidon 7-67 cold & hot water pressure washer

Special Features

The oversized case and gears provide a significant advantage over the competition, smoother motion and withstands greater pressure. The gears are made from a revolutionary self-lubricating hard plastic that is more durable than brass.

A high pressure 'Y' filter and ball valve prevents particulates from entering the head and includes a bleed off valve for cleaning. The CartBlaster includes an on/off valve and 'T' connector for your pressure washer so you can easily transition between the CartBlaster and your wand.

Compatible Products

HotCart Hot High Pressure Washer – Just provide the water and we'll heat it up to 185°F with flows up to 13.2 gallons per minute. With AquaTools HotCart hot high pressure washer option, you can enjoy hot water and high pressure up to 2750 psi with flows up to 5.5 gpm.

Poseidon Hot & Cold High Pressure Washer – The KEW Poseidon 7-67 premium class industrial cold & hot (up to 185°F) water pressure washer combines the renowned lifetime and quality of the C3 pump with optimal ergonomics to bring an unbeatable heavy duty pressure washer to many industries. The high water flow makes it very useful for applications where a high level of dirt has to be removed or flushed away.

CartBlaster Tip-Too –

AquaTools Tip-Too facilitates efficient cleaning for trash cans, food and beverage bins, any container designed to be used with an integrated tipping handle. When attached to a compatible high pressure washer, the AquaTools CartBlaster Tip-Too is designed to clean the interior surface of any open head trash container in 1 to 5 minutes depending on detergent, volume (gpm) and wash water temperature.
