

# Portable IBC & Tote Cleaning System

Cleans in 2-7 minutes!

## TOTEBLASTER LT

The AaquaTool ToteBlaster LT, IBC and Tote Cleaning System is designed to wash and rinse the interior of totes and containers. Perform (in-house) intermediate bulk container (IBC) cleaning in less than half the time, with the ToteBlaster LT Station. This high impact cleaning technology ensures the entire tote interior is thoroughly cleaned in the most efficient manner, utilizing the least amount of resources, including time, labor, energy, cleaning chemicals and water. The system comes equipped with everything needed to setup an IBC/tote cleaning station. Simplicity in design and affordability, coupled with the most durable and effective technology, makes this the ideal IBC/tote cleaning system for any industrial or sanitary application. The system comes equipped with everything needed to setup an IBC/tote cleaning station; just add your pressure washer, 4 gpm or greater (greater is preferred).

The AaquaTool ToteBlaster LT can achieve extremely high labor productivity per man hour through automation and using the latest technology in water-based cleaning solvents. Thus, man-hour resources can be more efficiently utilized.

### Features

#### Fast

#### Reliable

#### Safe

#### Versatile

#### Cost Effective

### Benefits

- Thoroughly cleans IBC's, Totes and small tanks in under 3 minutes when properly matched to a hot or cold high pressure washer (4-8 gpm).
- Heavy-duty construction. Hundreds of successful installations in industries ranging from solid waste to pharmaceutical.
- Health and safety is accomplished with a disk that acts like a splash guard to prevent outward spray.
- Can be adapted to any sized opening by utilizing tri-clamp fittings or splash guard.
- Makes fast work (typically 3 minutes or less) of previously slow and labor-intensive cleaning tasks.

## Specifications

<b>Class</b>	Rotating jet-head
<b>Power</b>	Pressure washer-driven
<b>Flow Rate</b>	4-5.5 gpm
<b>Temperature</b>	Cold or hot up to 185°F (max)
<b>Pressure</b>	100-2000 psi (adjustable); 2300 psi (permissible)
<b>Nozzles</b>	Barrels 4 x 1/8" NPT, tanks 2 x 1/8" NPT
<b>Spray Coverage</b>	Four nozzle 6', two nozzle 10'
<b>Cleaning Cycle</b>	45 seconds and longer
<b>Spray Pattern</b>	360°
<b>Inlet Connection</b>	Standard 1/2" NPT
<b>Insertion Opening</b>	2" (max)
<b>Lubricant</b>	Self-lubricating
<b>Installation</b>	Portable
<b>Material</b>	316 Stainless Steel
<b>Weight</b>	8 lbs
<b>Warranty</b>	One year limited warranty

## Ordering Information

<b>ToteBlaster LT</b>	ToteBlaster LT
<b>HotCart</b>	HotCart hot high pressure washer
<b>107146806</b>	KEW Poseidon 7-67 pressure washer, cold & hot water up to 185 degrees
<b>WBW/Power-Coated</b>	Mounting rack, 2 or 4 wine barrel platform
<b>ANT4C</b>	Hydro Twister® 4-in-1 surface cleaner

## Applications

All processing industries, plastic or stainless steel: totes, IBCs, shipping containers, bulk containers.

## Special Features

Oversized case and gears provide a significant advantage over the competition, providing, smoother motion and withstanding greater pressure. The gears are made from a revolutionary self-lubricating hard plastic that is more durable than brass.

## Compatible Products

The **AquaBlaster LT Portable Barrel Washing System** is ideal for applications where the insertion opening is smaller than two inches, such as wine barrels and closed head 55 gallon drums. The cleaning efficiency of the AquaBlaster LT is achieved thanks to four stream jets at low flow rate with high pressure, thus providing high impact washing. Stream nozzles rotate around a turret to provide complete orbital cleaning coverage of all interior surfaces.

## HotCart Hot High Pressure Washer...

Just provide the water and we'll heat it up to 185°F with flows up to 13.2 gallons per minute. With AquaTools HotCart hot high pressure washer option, you can enjoy hot water and high pressure up to 2750 psi with flows up to 5.5 gpm.

The **KEW Poseidon 7-67 Hot & Cold High Pressure Washer** is a premium class industrial cold & hot (up to 185°F) water pressure washer that combines the renowned lifetime and quality of the C3 pump with optimal ergonomics to bring an unbeatable heavy duty pressure washer to many industries. The high water flow makes it very useful for applications where a high level of dirt has to be removed or flushed away.

We offer a variety of **storage and mounting racks** for easy insertion. Our traditional 2 or 4 barrel pallet wash platform removes any need for heavy lifting when inserting our container cleaner.
